

China – Australia shipping route (SAE)

Container Liner Shipping Services that connect China to Australia

The China to Australia (SAE) service connects key ports in China with main ports in Australia and offers shippers a wide range of choices for their cargo, and one of the fastest transit times from South China to Australia. In addition to excellent customer service and working with an experienced and knowledgeable team, customers can benefit from the fast and reliable service and join an increasing number of satisfied shippers. Our modern fleet and equipment also ensure that cargo reaches its destination as planned and without any challenges.
